

# Hoyland Springwood Art Unit coverage overview -Kapow

Art is covered on a two-year cycle which incorporates all 4 areas to be studied: drawing, painting, sculpture and craft. Over the time at school, each pupil will cover each of these areas in equal quantities.

Each full term one unit of art needs to be covered within their art and DT books. (Units can be adapted slightly to suit abilities in the class or to fit with topics covered)

To choose your units:

Look at the current year groups being taught and the curriculum year that we are on (A or B). If the year is an odd year eg 2022-2023 then this will be year A. If the year is odd to even year eg 2023-2024 then it is year B.

There will be three colours covered within the two year groups. One unit of each of the three colours has to be covered. Where there are two units of the same colour, the most appropriate one can be chosen, either based on the year group or on where it fits best with the topics covered.

**For example:**

A Year 3/4 class working on year A

The units are Prehistoric (paint), Egyptian scrolls (craft), Mega Materials (sculpture), Fabric of Nature (craft).

The Prehistoric and Mega materials have to be covered. There is a choice of Egyptian scrolls or Fabric of Nature – one of these must be covered.

ART	A		B	
EYFS	Marvellous Marks Draw	Creation station Sculpt	Paint my world Paint	Let's get crafty Craft
Year 1	Woven wonders Craft	Make your mark Draw	Paper play Sculpture	Colour splash Paint
