**'Behaviour for Learning' in every classroom**

## What is 'Behaviour for Learning'?

Whilst it may look different in each year group, 'behaviour for learning' develops the key skills children need to master to become **successful** learners. Our **6 key behaviours** build on our 'Together we SHINE' ethos and show children how they can become more confident learners, who always aspire to do their best.

## Why is Behaviour for Learning so important?

To be a **successful learner**, each child needs to develop key skills that will enable them to access all their learning to the fullest extent. Our 6 key behaviours will **develop skills and attitudes to learning** that will put our children in good stead for the challenges they will meet throughout their lives. We are helping to build successful futures for all our children by showing them how to be **highly motivated learners**.

The six key behaviours for learning at Springwood are represented by six animals:

**The Wolf - Independence**

**The Ant - Collaboration**

**The Eagle - Challenge**

**Lion - Pride**

**Tortoise - Determination**

**Monkey - Curiosity**

Each animal comes with their own story to illustrate their behaviour.

Each behaviour comes with a series of 'I can...' statements to help every child master them.
